ROY LESTER, HEAD FOOTBALL COACH

Roy Lester was named head football coach at Maryland March 14, 1969, after an extraordinary high school coaching career.

In ten years as head coach at Richard Montgomery High School, Rockville, Md., Lester's teams won 86 while losing ten with one tie. Six times his teams were undefeated. He completed the 1968 season with a string of 25 consecutive victories.

"Such a record is interesting," said Athletic Director Jim Kehoe, "in fact, it *fascinates* me."

Lester was graduated from West Virginia University with a B.A. degree in Political Science in 1949. He was an end on the Mountaineers' Sun Bowl team of '49 and also played baseball and basketball at West Virginia. He spent the 1949 season with the Philadelphia Eagles and their farm team, the Paterson, N.J., Panthers.

In 1950, Lester started his coaching career with a two-year hitch at Walton, W.Va., High School and then directed football for four years at Allegany High, Cumberland, Md.

Lester served under Tommy Mont as an assistant coach at Maryland for three years starting in 1956. He was freshman coach the first two seasons and served as varsity end coach in 1958.

LESTER ON FOOTBALL

"I've played and coached most of the sports on a college level and I personally enjoy coaching football more than any other.

"Contact, sacrifice and discipline are three of the most important things that go into the making of a good football player. He must like the physical contact of the sport, be willing to sacrifice for the benefit of the team and obviously, the better disciplined a team is, the better it will play.

"Now, I believe the complexities of the game must share in importance with the always-necessary fundamentals toward the molding of a good college player."

As a high school coach, Lester coached two players who developed into collegiate and professional stars. Rod Breedlove came to Maryland from Allegany High with Lester and became an all-conference guard. Mike Curtis, who played for Duke University, was a member of Lester's Richard Montgomery squad.

Of his former coach, Breedlove commented:

"I learned more fundamentals under Roy Lester than under anyone else. He stressed execution, blocking and tackling, maximum effort. Many different types of players were on his squads but he molded them together, concentrating on team play. He made it a point to exercise strict discipline, made sure players kept up their studies, and got along very well with parents."

Lester is held in high regard by his former players. His 1971 Maryland team will have three Richard Montgomery players in the lineup. They are Ray Wethington, the starting offensive right tackle, Lee Branthover, a possible starter at linebacker and Steve Kimball, a former All-Metropolitan tackle.

Lester was married in 1957 to the former Sylvia L. Watson. They have four children – three boys, Roy Jr. 13, Chris 11, and Tommy 10, and one girl Amy 8.

DIRECTOR OF ATHLETICS

JIM KEHOE

James H. Kehoe became Director of Athletics at the University of Maryland July 1, 1969, upon the retirement of William W. Cobey, who had held the post since 1956. In his first year as AD the Terps won 100 athletic contests, six of the 12 ACC team titles and captured the ACC's Carmichael Cup for the seventh time.

As Maryland track coach for 23 years, Kehoe saw his teams capture the Atlantic Coast Conference championship in all but one year of the ACC's existence.

In 1954, first year of the conference, Maryland took the conference crown. After North Carolina won the title in 1955, Kehoe's teams regained the championship which Maryland has now held for 15 straight years.

Since he became head track and cross country coach in 1946, Kehoe has directed his teams to a total of 47 Southern Conference and Atlantic Coast Conference championships.

In dual meet competition his teams were undefeated for the past eight years, and the track team had a winning streak of 27 straight victories and the cross country team 23 at his retirement.

Maryland won the I.C.4-A. track title in 1965, '66, and '69 to claim Eastern track supremacy.

Perhap's Kehoe's greater moment was reserved for his final season. In his final meet as head coach, by the margin of a single point, Maryland defeated heavily favored Villanova for the I.C.4-A. outdoor championship. By his own admission Kehoe declared this was his greatest track victory during his 25 years of coaching.

A native of Bel Air, Maryland where he starred in several sports, Kehoe entered Maryland in 1936 and concentrated on track and cross country. He lettered in all three of his varsity seasons, was undefeated in dual meet competition during this period, and won several Southern Conference titles in indoor and outdoor competition, as well as holding University records in the 880 yard and two mile runs.

While a student at Maryland Kehoe was president of the Men's League and a member of Omicron Delta Kappa National Honorary Fraternity. His responsibilities at Maryland prior to his appointment as Athletic Director included: Head Track and Cross Country Coach, Associate Professor of Physical Education, and Director of Intramural Athletics. He also holds an Honorary Doctors Degree from Steed College in Tennessee.

During World War II Kehoe served as an officer with the 81st Infantry Division in the Pacific, rising from the rank of private to lieutenant colonel upon retirement. He participated in the Philippine Islands and Central Pacific Campaigns and was awarded the Bronze Star, American Service Medal, Asiatic Pacific Medal, Victory Medal, and Philippine Liberation Medal while in service.

Kehoe is married to the former Barbara Riggs England, a 1943 Maryland graduate. The Kehoes have four children: daughters Courtney Ann 25, Barbara Sue 23, Mary Lou 17, and a son Jim 24. Courtney Ann and Jim are graduates of the University.

THE OUTLOOK

Roy Lester begins the third year of his rebuilding program at Maryland and this is the year the Terps are expected to begin their move towards the top. Lester has 37 lettermen back and 21 of them lettered last year as sophomores.

Three of the returning lettermen were expected to be starters in 1970 but missed the season because of injuries. All three will start this fall. Bill Meister, voted the best offensive lineman as a sophomore and junior, returns after a successful knee operation while Dennis O'Hara returns after suffering a knee injury in the opening game of 1970 against Villanova. Meister will start at offensive left guard with O'Hara at tight end. Gary Van Sickler was the starting outside linebacker at the end of spring practice.

Four freshmen won starting roles in the spring and at least three others are possible starters during their sophomore year. Paul Vellano, 6-4, 265 will start at defensive tackle alongside junior Jim Watkins 6-2, 235. Ken Scott, 6-2, 220 will start at offensive left tackle. Dan Bungori and Bob Lane, after outstanding freshman seasons have taken over the top receiver roles. Lane is the flanker with Bungori the split end. The pair grabbed 12 touchdown passes last year as freshmen.

Jeff Shugars returns as the senior quarterback and had a fine spring practice. Al Neville moves up from the freshmen and also had a fine spring and is a candidate for the starting job. The strong showing by Neville enabled Lester to move Bob Tucker to defense where he will start as the safety.

Lester rates the offensive line and defensive front four as the Terp strong points this year. Lester says "Our offensive line will match anyone in the conference. We have three fine guards, in Bill Meister, Tim Brannan and Ray Soporowski. Ken Scott and Ray Wethington will be excellent tackles and Ron Kecman or Bart Purvis will do the job at center."

"The defensive front four has good size and ability plus good depth which will allow us to use seven or eight men capable of playing there." The starters in addition to Watkins and Vellano are Don Ratliff and Chris Cowdrey. Ratliff moves to defense after a fine season as a receiver last year catching 26 passes. Ratliff appears at home at defensive end, where Guy Roberts was an All-ACC selection last year.

"With Dave Clough, 6-8, 255 and Jim Boyle 6-2, 260 as the backup men behind Vellano and Watkins we have the size to stop people."

The defensive secondary will lack experience but has the ability to be outstanding. Only Len Massie, among the three starters even played defense last year. Bob Tucker, the safety was a part time starter at quarterback while Larry Marshall the left halfback was a wingback on offense as a junior. Tucker is a hard and sure tackler and seems to have a knack of finding the ball. Marshall has the speed and natural talent to be an outstanding defensive back.

The offensive backfield will be the most exciting to perform for Terp fans in many years. Art Seymore demonstrated as a sophomore that he is one of the best runners in the ACC as he gained 945 yards (the second highest total ever by a Terp). In addition he was the second leading pass receiver with 16 catches and scored a pair of touchdowns on pass receptions. The Terps pro offense with the installation of the veer and a fine pair of quarterbacks should be the most productive in years.

Alongside Seymore Lester will have Carl Shelton another explosive running back who started slow last year as a junior college transfer. However Shelton finished strong, had a fine spring, and now is an established starter. With Tom Miller and Scott Shank both experienced lettermen backing up Seymore and Monte Hinkle and Lem James both sophomores behind Shelton the Terps have sufficient running backs.

O'Hara, Bungori, and Lane will comprise the best receiving corp the Terps have had in years.

Six lettermen return at linebacker and a seventh, Wethington, was moved to offense. The linebacking corp was strengthened with the switch of Guy Roberts from defensive end to middle linebacker and with Bob Abbott moving up from the freshman squad. Starters in the spring were Tim Brant, Ted Steiner, Roberts and Van Sickler. However only Roberts is assured of a starting role in the fall.

Darnell Tate, Lee Branthover and Bill Reilly are returning lettermen as linebackers while Steve Zannoni and Sam Martin are top candidates up from the freshman squad.

University of Maryland

The University of Maryland is a land-grant institution of higher learning stressing programs of excellence in teaching, research and service.

Now in its 165th year, the University is one of the 10 largest universities in the nation, with over 37,000 students enrolled in its on-campus daytime programs. An additional 48,000 are enrolled in the fiscally self-sustaining programs of University College, which maintains centers for adult education throughout the State and in 24 foreign countries. The teaching and research staff includes more than 6,000 full-time and part-time personnel.

Undergraduate curricula are offered in over 120 fields, master's degrees in 77 departments and doctoral degrees in 74 departments. In the number of doctorates granted annually, the University ranks among the top 30 institutions in the nation.

The University had its beginnings in 1807 with the establishment in Baltimore of the College of Medicine, an entirely faculty-owned institution granting the M.D. degree. Five years later its name was changed to the University of Maryland, and it was given power to confer additional degrees. Subsequently, the University opened a School of Dentistry (1840), the first such school in the world, and then added Schools of Pharmacy (1871), Law (1882) and Nursing (1889).

The College Park campus of the University was opened in 1859 as the Maryland Agricultural College under a charter secured in 1856 by a group of Maryland planters. After a disastrous fire in 1912, the State acquired control of the College and bore the costs of rebuilding. In 1920 the State took over the faculty-owned University in Baltimore, merging it with the State-owned institution at College Park to form the presentday University of Maryland.

In 1886 the Delaware Conference Academy was founded by the Methodist Church in Princess Anne, Maryland. The institution was taken over by the State of Maryland in 1926 and became a division of the University of Maryland in 1948. Formerly known as Maryland State College it is now known as the University of Maryland Eastern Shore.

Presently located in the College Park campus are the College of Agriculture, Arts and Sciences, Business and Public Administration, Education, Engineering, Home Economics, and Physical Education, Recreation and Health; University College; School of Architecture; Graduate School; School of Library and Information Services; and Summer School. There are also a number of institutes, bureaus and service programs. On the Baltimore City

campus there are the Schools of Dentistry, Law, Medicine, Nursing, Pharmacy, and Social Work; the Psychiatric Institute; Center for the Study of Trauma; and University Hospital. A third campus was opened in 1966 just west of Baltimore City – the University of Maryland, Baltimore County (UMBC).

The research programs at the University derive their existence and vigor from a faculty comprised of internationally recognized scholars and scientists. Exceptional research facilities include the Institute for Child Study, the National Resources Institute, a laboratory for basic behavioral research, Van de Graaff accelerators, an assortment of modern computers, a nuclear reactor, wind tunnel, a psycho-pharmacology laboratory, laboratory models for meteorological phenomena, and collaborative arrangements with many nearby government installations. A new, pioneering, spiral ridge cyclotron was completed in 1968. In addition, the University of Maryland is a member of the initial group of 34 universities incorporated to manage a new 200 BeV high energy accelerator at Weston, Illinois.

University libraries include more than a million volumes on the College Park and Baltimore City campuses, plus nearly half a million microtexts, slides, film strips, negatives, prints, music scores, and recordings. The University is a regional depository for Federal documents. Special collections include the Marylandia, Katherine Anne Porter, Rare Book, East Asian, and Health Sciences Historical Collections.

In recent years the University of Maryland has received national recognition in numerous areas. In 1964 it established a chapter of Phi Beta Kappa. In 1969 the Association of American Universities elected the University to its selective membership.

In research, scholarship and in the number and quality of its graduates, the University is a productive member of the community of great state universities.
